progress curves

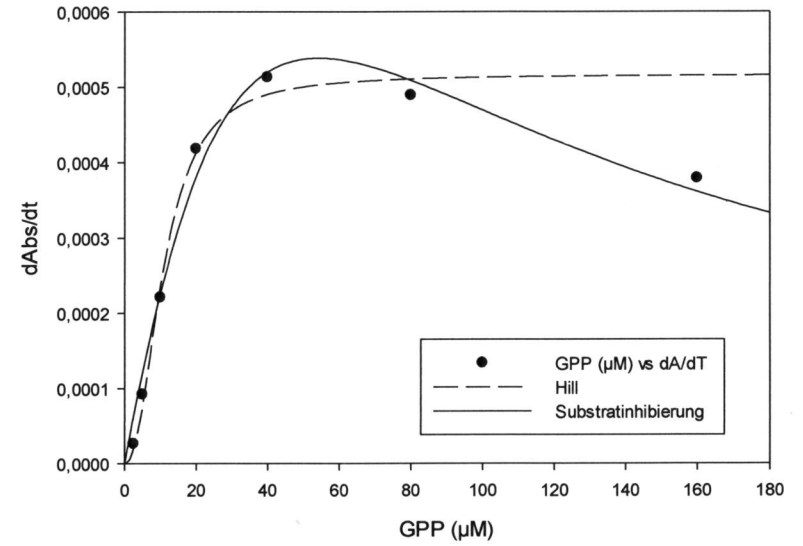

Progress Curves

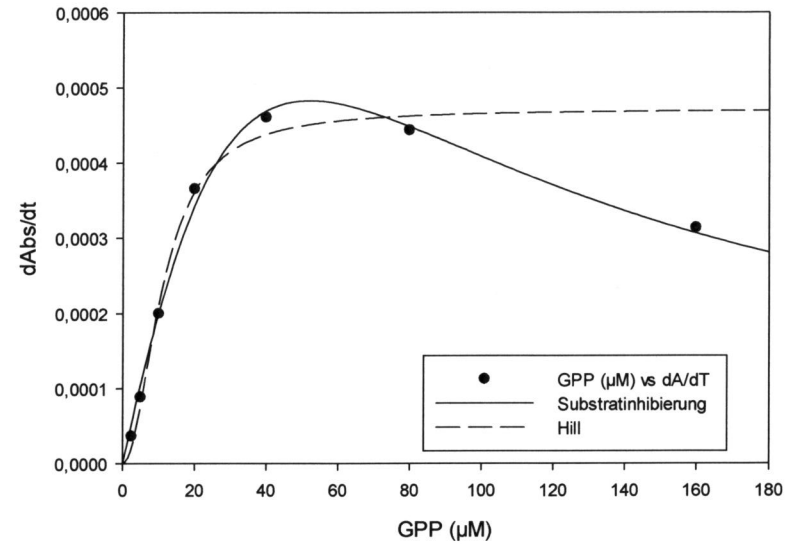

V/S-Plot 1

fitted Absorption from 60s-180s for slope

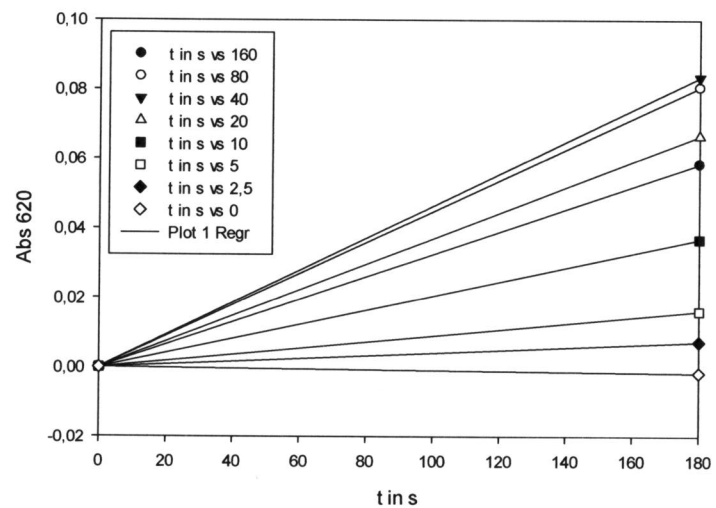

V/S-Plot 2

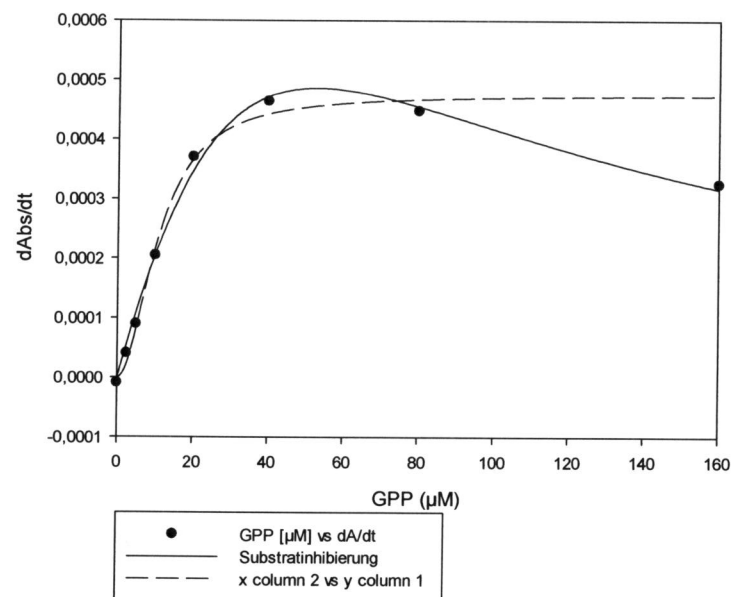

Fitted Absorption of 60, 120 and 180s through origin (0, 0) for slope

progress

V/S-Plot

V/S-Plot 3

slopes by fitting progress curves hyperbolically [$f(x)=ax/(b+x)$], then dividing a by b
